SHOE FACTORY EMPLOYEE SAYS GAIN EVIDENT

R. W. McKay, Hannibal, Declares Weight Has Increased Ten Pounds Since Taking Tanlac.

Hannibal, Mo., April 10.—"I've gained ten pounds and look and feel a hundred per cent better in every way, since taking this new medicine Tanlac," R. W. McKayman, employe of the International Shoe Factory for the last eleven years, of 317 Jefferson street, said on January 30.

"For a long time my liver and kidneys have given me trouble and my stomach has been out of order," he continued. "My appetite was very poor and when I would force myself to eat a little, pains and a severe hurting would come in my stomach would result. No matter how light the food I ate, it never digested properly, causing me to be constipated. Nervousness made it hard for me to sleep soundly and I had been losing weight for some time.

"Tanlac was so highly recommended I decided to try it. My stomach is greatly improved now. I can eat anything I care for without suffering the pains and severe hurting in my stomach now. My food digests properly also, as I'm not constipated anymore. The nervousness has been relieved and I sleep peacefully at night now. My liver and kidneys never give me any trouble, either. Tanlac has certainly benefitted me wonderfully. I hope someone will see my statement and try the medicine."

Tanlac is now being specially introduced and explained in Monett at A. H. Cox and Co's Drug Store. Adv. d. & w.

M. E. CHURCH BUILDING TO GO UP SOON

The Methodist church which will be erected on the corner of Fourth and Cale streets will resemble the Presbyterian church in Aurora on the outside but the plan of the inside is different.

It is to be colonial style, built of brick trimmed with stone and will have a seating capacity of a thousand. It will be three stories and have twenty-four rooms, nine in the basement, eight on the first floor and seven in the gallery.

The basement will have a model kitchen measuring 14 by 28 and be equipped with all modern conveniences. There will be a dining room and one of the Sunday school rooms can be used for a dining room in case it is necessary. The basement will also have a gymnasium over which the young folks are delighted.

In every way the church will be built to suit the needs of the community and will be a great help to the up-building of the town.
